

MESSAGE FOR HUMANITY AND EARTH

Something almost unbelievable has happened... In June 2023 Humanity has received a „**Message from extraterrestrials**“ from the star constellation of Orion.

The speaker says he is Thoth and once lived on Earth, and we really find his name in ancient writings and traditions. He has also claimed in the Emerald Tablets that he built the 3 great Pyramids in Giza and that he would return when the Time of Turning on earth had come...

And that has now happened in this Momentum, because we received this message from him...

MESSAGE FOR HUMANITY AND EARTH

Beloved people of planet Earth

Today you will receive an unusual message from the past and future...

For your **true past** is revealed soon through the Discovery of Atlantis.

So your history goes back much further than you learned and brings you new insights.

But your future is in real danger, because Earth will soon reach the point of no return.

So this MESSAGE is about nothing less than saving Humanity, the Earth and all life on it!

In view of this, it is important to first **overcome the two separations of mankind**: The turning away from nature of your outer world and the turning away from the soulspirit of your inner world. This is possible if you turn towards them and reconnect in spirit (thoughts) and feeling (emotions).

It is a matter of turning to your own history and becoming aware of yourself, as **ensouled beings from the spiritual worlds on the path of your own experiences**.

This leads you into the earthly and spiritual connections with Beings in other realms, which you attract by your thoughts and actions, as you attract us.

Thus you and we come together in unity and **community of the awakened Souls**, who together change the World, as those we are, were and soon will be again.

Only together it can still go to save Humanity, the Earth and all life on it in time!...

If you want to join our **Movement of Consciousness**,

explore the **7 steps of your individual experiences**.

And if you recognize and follow them, you will be ready for your **7steps of collective experience** you should take as Humanity. Fathoms and also lives these.

Then you can consciously recognize and choose for yourself, in which Life realm and in which Level you want to live and act.

Just as we do and have experienced...

We send you these loving words of **beings from other realms**, but we you are. For we are your brothers gone ahead to prepare the path of which you can also walk if you wish.

admonition as **spiritual** are alive and as real as and sisters who have conscious ascension,

We now live in the Solar systems of the stars Sirius and Betelgeuze, as you call them, for these planets move in the 5th and 7th dimensions of the divine creation.

To fully grasp this **message** may be a challenge for your mind and your self-image and worldview at the moment, but I assure you that your Situation is exactly like this.

I am the Messenger, but it is given to you by all your brothers and sisters who serve here in the Council of Elohim.

For they give in love and care MESSAGES to all brothers and sisters who are in danger.

But together it is possible to let the earth arise again.

Blessed it goes so with the spirit of unity of all divine souls.

Now cherish our words in your souls, for they give you the clarity and the way....

Thoth the Atlantian,

because that is what I was called on earth for a long time and you recognize me in old scriptures.

But my soul name is Redalim, because that is how the spiritual brothers and sisters call me, since this is also my name which I bear in the spiritual worlds.
